IMPORT OF AN ICELANDIC HORSE FORM

All horses with valid 'third country' or non-UK EU passports need to be registered on Defra's UK Central Equine Database (CED). In order to do this, you need to contact any UK based Passport Issuing Organisation, so they can 'overstamp' the passport and notify the CED. This must be done **within 30 days of the horse entering the UK, or within 30 days of a new owner purchasing the horse if it has not been done already**. This includes anyone who owns the horse, even for a short time i.e. dealers.

Please complete this form and send it to the IHSGB Studbook Registrar together with the horse's passport, the relevant fee, and evidence of the transfer of ownership, if appropriate (see below).

1. Details of the horse and its import into the UK
